Review Shopping Cart

This is our third purchase of a thermoplastic product from CSF and we continue to be satisfied with the quality and stamina of the product. The service has always been prompt, efficient and friendly. The colors of the product are vibrant. The shipment arrived in good condition but was missing some hardware. I called and the correct was immediately shipped.

We were very pleased with the products we received. The customer service exceeded my expectations. Very friendly and helpful - a company that still believes in making the customer happy. We will definitely buy from Commercial Site Furnishings again!!

The ordering process was painless. We have not been able to install the benches yet, but they look exactly like what we hoped they would be from the proofs. Thanks for the great service.
